Hands-on workshop with Sharmistha Kar

While learning the slow and meditative technique of *Bunka* embroidery, workshop participants will consider ideas of memory, mapping, migration, and movement. Together we’ll ask: how does it feel to experience a new place or to imagine a familiar place in a new way? Sharing stories, and travelling by way of thread across fabric, participants will encounter a unique pace of making, with support from artist Sharmistha Kar.

Sounds of Resistance

Sound Talk + Listening Session with exhibiting artist Soledad Fatima Muñoz

2-4:30 P.M.

All ages

Drop-in! No registration required.

Led by artist Soledad Fatima Muñoz, let’s dive into the sounds of South American resistance. Featuring selections from her personal record collection, the session will focus on the groundbreaking Chilean label, *Discoteca del Cantar Popular (DICAP)*. Founded in 1967 by the Communist Youth of Chile, DICAP became a vital voice for politically engaged musicians whose work was often silenced by mainstream outlets. It played a central role in the Nueva Canción Chilean (New Chilean Song) movement, offering a sonic platform for anti-capitalist expression and cultural resistance. Even after the 1973 military coup and the destruction of its Santiago offices,

DICAP's mission lived on—operating from exile in Paris and Madrid and continuing to release music under the sub-label *Canto Libre* for Chilean artists in diaspora.

Through an afternoon of shared listening, Soledad Fatima Muñoz will guide us through this sonic history—tracing threads of resilience, memory, and artistic defiance that resonate deeply in her own creative practice.

Direct from the UK! Following an incredible sell out tour, Walk Right Back returns to stages in 2025 by popular demand. From the producers of UK's smash hit show That'll Be The Day, this phenomenal production tells the story of the most successful musical duo of all time – The Everly Brothers. Featuring hits such as Bye Bye Love, All I Have To Do Is Dream and Cathy's Clown, this unique concert-based musical entwines the wonderful, sad yet glorious story of The Everly Brothers.

The show follows the brothers' rise to fame from humble country beginning to superstardom, through their decade-long feud to their glorious reunion which gave them back to each other, and back to the world. With "harmonies from heaven" that influenced The Beatles, The Beach Boys, and Simon & Garfunkel, The Everly Brothers were unmatched in their talent. Also featuring songs from a couple of the Everly Brothers' good friends, Buddy Holly and Roy Orbison.

Recommended Age: 7+

Age Restriction: 2+ *Everyone Requires A Ticket

Producer Trevor Payne (That'll Be The Day) says: "The Everly Brothers were an original and unique act that had a sound like nothing else. Their harmonies were so tight that every group wanted to emulate them. Before that there was a singer, a band and backing vocals, The Everly's entwined all of them and created "the harmony group." Walk Right Back is the first show of its kind to tell this phenomenal story of two brothers and their unforgettable music. This is a show not to be missed!

Georgia Fullerton: Opening Reception

Date and Time: Sunday, September 28 1:00 pm - 3:00 pm

Address: 72 Queen ST, Oshawa, ON

Georgia Fullerton's art tells her story of healing and self-discovery. Art has helped Fullerton navigate trauma, change and personal growth, and now, as a practitioner of expressive arts therapy, she helps others discover the transformative potential of art. This exhibition showcases Fullerton's well-known abstract expressionist watercolours and collages as well as invites viewers into her creative process. For Fullerton, the act of artmaking is just as significant as the final piece, with both working together to illustrate how art serves as a vital tool for processing and moving through emotions.

Fullerton knows firsthand the therapeutic power of artmaking. In 2010, she was the victim of intimate partner violence, a pivotal moment that profoundly impacted her life. In the aftermath of this trauma, she turned to abstract art as a means of healing. Through her artistic exploration, Fullerton discovered that the process of creating allowed her to rebuild, repair, and rediscover herself. She believes that sensory experiences can be transformed into art and that creative expression facilitates emotional healing. Fullerton says: "Through my art, I hope to inspire others to trust their process, embrace their unknown, and find their own path to self-discovery, acceptance, spiritual healing, and change."

Fullerton is a visual artist, expressive arts therapist and arts educator based in Ajax, Ontario. Born in Portland, Buff Bay, Jamaica, Fullerton moved to Canada in 1967. She studied visual arts at Red Deer College (Alberta) and earned a Bachelor of Arts from York University. She graduated from the CREATE Institute's Expressive Arts Therapy program in 2017.
