Dunham and his cohorts have set out on their brand-new international tour Jeff Dunham: Seriously!? and will be hitting cities, crisscrossing North America, Canada, and, not long after that... the world! In addition to Dunham's new tour, the world-renowned performer's new Netflix Originals stand-up special entitled Jeff Dunham: Beside Himself premiered in September. This was Dunham's second Netflix Originals special and the eighth in his string of record-breaking stand-up television events. The impressive event was shot in front of 16,000 fans at the American Airlines Center in his hometown of Dallas, Texas, where Dunham introduced his new character, Larry, the personal advisor to the President, who has now earned his spot with the troop on the tour. Dunham has built an entertainment empire over 30-plus years of non-stop touring and performance innovation. With 10 million followers on Facebook and 2 million YouTube subscribers, amassing well over a billion views, the comedian/ventriloquist has carved out his own unique space in the comedy world. His accomplishments have led to record-breaking viewership with his standup specials on Netflix, NBC, and Comedy Central. His astonishing arena packing power puts him on par with major music acts like Luke Bryan and Metallica. Fee: \$73.00

The Region of Durham and the City of Oshawa are working together on the Simcoe Street Rapid Transit Visioning Study and an Initial Business Case (IBC); seeking input from residents to help identify the most suitable form of rapid transit and associated benefits for the Simcoe Street corridor—between Highway 407 and Lakeview Park Beach.

The Simcoe Street Rapid Transit Visioning Study will guide how Simcoe Street in Oshawa will evolve and grow—with a focus on mobility, sustainability, equity, economic opportunity, and land use.

Durham Region will be hosting a series of pop-up community events in November; an opportunity for residents to provide feedback on what is most important when it comes to rapid transit in our area. Residents will also learn about the types of rapid transit available, equity in transit, and why the Region is exploring the possibility of rapid transit in Oshawa.

Visit [SimcoeStreetRapidTransit.ca](https://simcoestreetrapidtransit.ca) to sign up for a mailing list and stay up to date on key milestones and opportunities to get involved. More information, including dates and locations of the community events, is also available on the project web page.
