Subject: Parking adjacent to the Col RS McLaughlin Armoury

Good day Gentleman,

I am reaching out to you on behalf of the Ontario Regiment (RCAC) as the parking situation for the armoury members, their guests and visitors continues to be burdensome.

I noted that a City parking lot was going in beside the Armoury on the south side, because of this I decided to do some investigation to see if I could come to a solution for the Unit.

I have been in contact with the City of Oshawa with some inquiries about the lot and have recently made contact with the correct person and gathered the following information.

Lot Details:

Name: Parking Lot #20

Address: 33 Simcoe St. N.

Allotted spaces: 50 – these will be a combination of reserved spots and pay by plate.

Pay by plate is up to 10 hrs @ \$1.25/hr, free after 6pm and weekends

Current reserved spots are for the Market on the corner.

Spots may be leased at \$73/mos +tax/ spot

Opening date: None at this time, they expect some time after 20 June, 2022 after bylaws are amended.

Contact: Michael Acquay 905-436-3311 ext 2255

Most importantly, I inquired if it might be possible to obtain donated reserved spots for the unit. I was informed this is a possibility and as such I am reaching out to you. I was instructed to simply contact the mayor's office and let them know how many we are seeking (we would like 10 spots if at all possible at Lot #20) and then it goes to counsel for a decision.

I have been directed by the Adjutant to follow up on this and see how we need to proceed and to inquire about a couple additional items. As such, we would also like to explore options and discuss the possibility of free or deep discounted parking at the adjacent City parking garages. We often have summer courses running where there troops are required to spend days and overnights at the unit, so, having a designated space for them to park would be most helpful. I was wondering, if that is a possibility,

would an easy solution be that the Ontario Regiment could be issued parking tags that we keep at the armoury to be used when required for such reasons.

At this juncture I am seeking the best solution for everyone and appreciate your assistance with it.

Respectfully,

Cpl Dawn-Ann E. Catalano

5.0 Analysis

Resident and property owner participation in budget engagement assists the City in making informed decisions that are reflective of public priorities.

City staff recommend that the City of Oshawa offer the same tools as offered in the 2023 Budget Public Engagement to allow residents and property owners to build familiarity with the tools and increase confidence with the tools and overall participation.

5.1 2024 Public Engagement and Timing

City staff recommend a comprehensive engagement plan featuring the following four tools that will educate respondents and gather resident and property owner budget priorities: Taxpayer Receipt, Budget Simulator, the Telephone Open House and Connect Oshawa.

5.1.1 Taxpayer Receipt

Introduced last year, the Taxpayer Receipt informs and educates residents and property owners as to what their tax dollars buy in a familiar format – a receipt. Residents and property owners input data to generate a customized breakdown of how much City programs and services cost them individually. Attachment 1 is an example of the Taxpayer Receipt online tool.

This information-sharing tool will educate residents and property owners as to:

- how much City services cost them individually (value for dollar);
- how their property taxes are allocated between the City, Region of Durham and the Province of Ontario (for education purposes); and,
- the roles and responsibilities of different levels of government.

This tool will be available year-round, and updated to reflect the most recent City Budget data.

5.1.2 Budget Simulator

Budget Simulator allows residents and property owners to share their City budget priorities by attempting to balance “their own” City budget. Participants will be able to increase and/or decrease spending in City programs and services and apply the same adjustments to sources of revenue. Attachment 2 and 3 are examples of the Budget Simulator online tool. Starting values will be based on the Council approved 2023 City Budget.

This simulation-based exercise will provide residents and property owners the opportunity to share their 2024 Budget priorities, as well as educate them on:

- challenges associated with addressing the demand for services while considering financial and other resource constraints;
- how their property taxes are allocated between the City, Region of Durham and the Province of Ontario (for education purposes); and,
- value for City services.

This tool will be available for public engagement for a four-week period in fall 2023.

5.1.3 Telephone Open House

The Telephone Open House will invite Oshawa residents and property owners to join the Mayor, Chair of Corporate & Finance Services Committee and senior City staff on the phone to discuss the proposed 2024 City Budget. On the day of the Telephone Open House, 40,000 Oshawa households and provided mobile numbers will receive a call inviting them to participate in a 60-minute conversation. Communications will take place in advance to advise members of the public that they will be receiving a call and to encourage their participation in the Telephone Open House.

Finance Services will begin the event with a brief overview of the proposed 2024 City Budget and Budget process and then respond to questions submitted prior to and during the Open House. Similar to last year's event, the C.A.O. and Commissioners will answer questions specific to their respective Departments and Directors will be on-site to support with additional information as required.

A recording of the Telephone Open House will be available on the City's website and YouTube channel in the days following the event.

This information-sharing tool will educate residents and property owners on:

- the 2024 Budget process;
- how their property taxes are allocated between the City, Region of Durham and the Province of Ontario (for education purposes);
- the roles and responsibilities of different levels of government; and,
- City programs and services.

The Telephone Open House will occur after the proposed 2024 City Budget has been presented to Council, but before deliberations begin. Staff are proposing the event take place the evening of Wednesday, November 22, 2023.

5.1.4 Connect Oshawa

In addition to hosting web links to both the Taxpayer Receipt and Budget Simulator tools, Connect Oshawa will offer the Question & Answer tool, which allows residents and property owners to ask questions about the 2024 Budget process and proposed 2024 City Budget. Depending on when it was received, a question will be responded to:

- through Connect Oshawa, with responses emailed to the community member who asked the question and, when appropriate, posted publicly on the site; or,
- during the Telephone Open House.

This information-sharing tool will educate residents and property owners about:

- the 2024 Budget process;
- how their property taxes are allocated between the City, Region of Durham and the Province of Ontario (for education purposes);

- the roles and responsibilities of different levels of government; and,
- City programs and services.

The Question & Answer tool will be available on Connect Oshawa once the Budget Simulator opens and close following the approval of the 2024 Budget.

5.2 Promotion

To continue public education and encourage input on the 2024 City Budget, City staff will promote the 2024 Budget public engagement opportunities using a variety of communication channels.

6.0 Financial Implications

If approved as recommended, the estimated cost for public engagement and promotion of the 2024 City Budget is not expected to exceed \$30,000, before H.S.T.:

- | | |
|---|----------|
| • Taxpayer Receipt and Budget Simulator bundle: | \$9,270 |
| • Budget Telephone Open House: | \$10,598 |
| • Promotion: | \$10,000 |

Costs will be funded from the Council approved Finance Services 2023 operating budget.

7.0 Relationship to the Oshawa Strategic Plan

The recommendation advances the Oshawa Strategic Plan goal of Accountable Leadership, specifically the theme of Deliberate Community Engagement.

The City is part of a two-tier government, and as a result collects property taxes on behalf of not only the City, but also the Regional Municipality of Durham and the Province for local school boards. For every dollar collected in 2022, the City kept only 41 cents; approximately 43 cents were allocated to the Region and 16 cents were sent the Province for to local school boards.

5.0 Analysis

5.1 Development Process

Planning for the development of the 2023-2027 Accessibility Plan began in May 2022 with a public consultation period. The results of the Public Consultation can be found in 5.3 of this report.

Accessibility Plans of other municipalities were also reviewed as part of the development process for the 2023-2027 Accessibility Plan. This review included plans from all other municipalities in the Durham Region, as well as several additional Ontario municipalities.

Additionally, in 2022, City staff worked with staff from the Abilities Centre on an assessment and identified recommendations to be included in the 2023-2027 Accessibility Plan.

5.2 The Proposed 2023 – 2027 Accessibility Plan

As a requirement of the Integrated Accessibility Standards Regulation 191/11, made under the Accessibility for Ontarians with Disabilities Act (A.O.D.A.), the City of Oshawa is required to prepare, implement and maintain a multi-year accessibility plan to prevent and remove barriers. The plan must be updated at least once every five years in consultation with people with disabilities and accessibility advisory committees.

Key priorities of the Accessibility Plan focus on: customer service, information and communication, employment, design of public space/built environment and accessible parking and are outlined in Appendix 2 of the 2023-2027 Accessibility Plan, which forms Attachment 1.

At their meeting on March 21, 2023, through OAAC-23-12, the Oshawa Accessibility Advisory Committee endorsed the 2023-2027 Accessibility Plan.

5.3 Public Consultation Process

Staff undertook a one month public stakeholder consultation process beginning on May 19, 2022 and concluding on June 20, 2023 to engage community members on the 2023-2027 Accessibility Plan.

The consultation process was comprised of various engagement initiatives that included the use of Connect Oshawa (www.connectoshawa.ca), the City's online engagement platform. Engagement opportunities included:

- online on Connect Oshawa (www.connectoshawa.ca/AccessibilityPlan);
- on paper at Service Oshawa (located at City Hall, 50 Centre St. S.) during regular business hours; or,
- directly to members of Council at a Special Council Meeting beginning at 6:00 p.m. on Monday, May 30 in Council Chambers (located in City Hall, 50 Centre St. S.).

The public consultation was promoted to the community and stakeholders through various mediums, including media materials, social media, as well as print and digital promotional material.

5.3.1 Public Response

In total 19 completed the feedback form.

Note: Standardized questions were used in the online and paper feedback form to ensure consistency.

5.3.2 Special Council Meeting on Accessibility, Diversity and Inclusion

The Special Council meeting to discuss accessibility, diversity and inclusion was held on May 30, 2022. At this meeting, members of the public were given an opportunity to address Council on various concerns and issues related to accessibility. These concerns were taken into consideration when developing the 2023-2027 Accessibility Plan actions. Any concerns raised that related to areas outside of the City of Oshawa's mandate (such as transit or housing) have been forwarded to the Region of Durham for consideration.

5.3.3 Public Consultation Findings

In total, 19 people completed the survey to provide feedback regarding the accessibility of City programs, services and facilities and identify their experiences as it relates to physical, attitudinal, technical, and systemic/procedural barriers.

In summary, physical barriers related to parks, trails, recreation centres and sidewalks were identified by approximately half of the respondents. Data gathered identified above average satisfaction for factors related to attitudinal, communication and information, policies and by-laws and technological barriers but there is a need for ongoing customer service training, and the application of a disability lens in the development of policies and procedures and the use of technology.

6.0 Financial Implications

There are no financial implications associated with the approval of the 2023-2027 Accessibility Plan. Individual actions which have financial implications are subject to Council approval and will be included in annual operating and capital budgets or other reports for Council consideration as appropriate.

7.0 Relationship to the Oshawa Strategic Plan

This report supports the Social Equity and Accountable Leadership goals of the Oshawa Strategic Plan.

Message from His Worship Mayor Dan Carter

On behalf of Oshawa City Council, I am pleased to share with you the City of Oshawa's 2023-2027 Accessibility Plan.

Oshawa is the largest municipality in the Region of Durham and one of the fastest growing areas in Canada. With a diverse and ever-changing population, it is important that accessibility is a priority and that we are an inclusive and welcoming city.

The 2023-2037 Accessibility Plan outlines our continued commitment to identify, remove and prevent accessibility barriers in our community. Additionally, the Plan outlines how the City will meet its legislated obligations under the Accessibility for Ontarians with Disabilities Act (A.O.D.A.) and enhance the accessibility of our services over the next five years.

The City strives to make accessibility part of our everyday interactions in our facilities, employment practices and procedures. We are pleased of our many advancements and past successes but we recognize that it is important for us to continue to advance accessibility in our city.

We appreciate the ongoing support provided by the Oshawa Accessibility Advisory Committee. Their work has advised us in the development and facilitation of strategies and actions that cultivate inclusion within the community.

Together, we will continue to work towards our goal of making the City of Oshawa one of the most accessible cities in the world.

Yours truly,

Greetings from the Oshawa Accessibility Advisory Committee

The Oshawa Accessibility Advisory Committee (O.A.A.C.) is pleased to endorse this Oshawa multi-year accessibility plan. This plan illustrates the ongoing commitment of our City Council, staff, volunteers and community members to meet the accessibility needs of people of all abilities residing in and visiting our community.

It is my honour to serve as Chair of the accessibility advisory committee and to work with a dedicated group of individuals who volunteer their time, expertise and lived experience to ensure that Oshawa is an inclusive, healthy and safe community. Members of the O.A.A.C. continue to work in collaboration with the City of Oshawa to remove barriers and facilitate accessibility throughout our community. We have consulted with many City departments and are proud of the relationships we have developed and the progress we have made. There still is, however; many more steps to be taken as outlined in this new accessibility plan.

Members of the OAAC often attend a number of community events, such as the Peony Festival and Canada Day Celebrations to improve accessibility awareness. Please stop by and say hello. We'd love to hear from you!

Sincerely,

1.0 Executive Summary

The City of Oshawa is committed to meeting the accessibility needs of people with disabilities and continues to develop, implement and maintain policies that address integration, independence, dignity and equal opportunity.

People with disabilities represent a growing part of the population. In Ontario, approximately 2.6 million people have a disability¹. This means that approximately one in four people live with a disability and face various types of accessibility challenges every day. Utilizing this statistic as a comparison, there are approximately 43,845 people living in Oshawa who have a disability.

As a requirement of the Integrated Accessibility Standards Regulation (Ontario Regulation 191/11) made under the *Accessibility for Ontarians with Disabilities Act*, (A.O.D.A.) 2005 the City of Oshawa is mandated to prepare, implement and maintain a multi-year accessibility plan to prevent and remove barriers². Public sector organizations are required to identify and remove barriers in order to provide programs, services and facilities that are more accessible to people who have disabilities.

An Accessibility Plan must be updated at least once every 5 years in consultation with people with disabilities and accessibility advisory committees. The 2019-2023 Oshawa Accessibility Plan expires at the end of June 2023 and the new plan will cover the period of 2023-2027.

When planning for accessibility, it is important to examine intersectionality to ensure that tangible solutions address all types of barriers and embed inclusion. The Accessibility Plan aligns with other

The O.A.A.C. is comprised of volunteers who are appointed by City Council and includes a Council member appointee. 3.0 Legislative Requirements

The A.O.D.A. is legislation that establishes a process for developing and enforcing accessibility standards.

Accessibility standards are regulations that government, businesses, non-profits and public sector organizations must follow to become more accessible. The standards help organizations to identify and remove barriers to improve accessibility in the following areas:

- Customer Service
- Information and Communication
- Employment
- Design of Public Spaces
- Transportation

The Integrated Accessibility Standards – Ontario Regulation 191/11 issued pursuant to the *Accessibility for Ontarians with Disabilities Act*, 2005 also requires designated public sector organizations to establish, implement, maintain and document a multi-year plan which outlines their strategy to prevent and remove

barriers and meet their requirements under this Regulation. The multi-year plan must be updated at least once every five years and municipalities must provide an annual status report in the progress of measures taken to implement the strategy in the plan.

Annual progress reports on the status of the initiatives outlined in the City of Oshawa Accessibility Plans are prepared and are available on the City's website at www.oshawa.ca. Alternate accessible formats are available upon request.

4.0 Accessibility Planning

- Cultivate an operating environment which identifies, removes and prevents the formation of future barriers; and,
- Undertake appropriate building retrofits to improve the functionality of the physical environment for a wide spectrum of users.

To achieve these objectives, the 2023-2027 Accessibility Plan included:

5.0 Analysis

5.1 Background

Section 11 of the Municipal Act, 2001, S.O. 2001 c. 25 ("Municipal Act, 2001") authorizes municipalities to pass by-laws respecting signs, including the placement, location and removal of signs in the municipality.

In 2014, Council passed By-law 42-2014 being a by-law to regulate election signs with the short title of "Election Sign By-law" (Attachment 1). By-law 42-2014 regulates election signs on public and private property, generally allowing for placement on both subject to restrictions on timing, size and location. This by-law regulates the placement of all election signs, including those for municipal, provincial and federal elections.

Under By-law 42-2014, election signs on City property that are found to be in violation of the by-law's restrictions may be immediately removed by the City. If the City finds an election sign on private property to be in contravention of By-law 42-2014 law, the City may issue an order to have the sign removed. Any signs removed by the City are stored at a City Facility until seven (7) days after the last polling day for the election, after which the City may dispose of any signs remaining. Candidates may retrieve their signs during this period without the requirement to pay a fee or fine. The Election Sign By-law does not provide for any fees, fines or other payment types associated with any of the requirements under By-law 42-2014.

In September 2017, Council passed resolution CM-17-24 to review the Election Signs By-law to ensure the regulations remained relevant to the Oshawa community ahead of the 2018 Municipal Election.

On June 18, 2018, the Corporate Services Committee considered Report CORP-18-43 (available online at: http://app.oshawa.ca/agendas/Corporate_Services/2018/06-18/REPORT_CORP-18-43.pdf) which included a revised by-law. On June 25, 2018, Council considered a recommendation by the Committee that Council adopt the amending by-law, with the following further amendments:

- a. That a maximum storage fee of \$5.00 per sign, per day be charged to an upset limit of \$150.00 regardless of the number of signs at the end of the campaign period; and,

- b. That notification be given to candidates whose signs are removed and a two (2) business day time limit be provided to pick up those signs without storage fees being applied; and,
- c. That the removal of election signs after the election remain at seven (7) days.

The recommendation lost and no further amendment or amending by-law was considered or passed.

In June 2022, the Election Sign By-law was amended to replace the phrase “City Road” with the phrase “City or Regional Road” to address the delegation of both provisions and enforcement by the Region of Durham’s Temporary Sign By-law to the Area Municipalities. Given the Region’s delegation and the City’s amendments, all City and Regional roads within the City of Oshawa are now subject to the City’s Election Sign By-law.

5.2 2022 Municipal and School Board Elections

During the 2022 Municipal and School Board Elections, the City enforced the Election Sign By-Law on both a complaint-driven and proactive basis. Legislative Services received 94 complaints related to election signs and caused the removal of 26 election signs. Municipal Law Enforcement received 277 complaints and removed 816 signs, 754 of which were retrieved by candidates, while the remaining 62 were disposed of by the City.

The most common reason for election sign removal was placement of signs too close to a highway followed by placement of election signs outside the allowed time frame. On Voting Day (October 24, 2022), staff removed many signs from voting locations throughout the City. Staff were unable to record the total number of signs which were removed due to the volume; however, many complaints were received by Legislative Services staff and removed by Municipal Law Enforcement Officers. In addition, Election Officials removed signs in front of or within their respective voting places.

The table below captures the type and number of each violation that was recorded between Nomination Day (May 2, 2023) and Voting Day. Election signs collected after Voting Day are also not reflected in this table.

Violation	Number of Signs Removed

Health and safety	1
Placed at a Voting Location on Voting Day	Unknown

5.3 Considerations

The City has not made significant updates to the Election Sign By-law since its adoption in 2014. Feedback received regarding the by-law has indicated a need for stricter regulations on the placement of signs in the City and the implementation of stronger enforcement including fees and/or fines related to non-compliance. The current by-law does not provide penalties for non-compliance or violations other than removal.

The introduction of regulations within the Municipal Elections Act, 1996, S.O. 1996, c. 32, Sched. ("Municipal Elections Act, 1996") with regard to Third Party Advertisers also prompts a need to update and modernize the by-law. The current by-law makes no reference to Third Party Advertisers as it was passed prior to regulations concerning Third Party Advertisers in the Municipal Elections Act.

It is important to recognize that election signs remain an important communication tool for many candidate's campaigns. Signs play a role in making the voting public both aware of the candidates in their area and signal that there is an upcoming election. However, it is

appropriate to update the City's election sign regulations to allow for continued promotion of candidates and elections while ensuring the needs, interests and safety of residents, election participants and the City are respected.

The review of the City's Election Sign By-law has been conducted with the following goals in mind:

- Balance interests of public, election participants and the City to ensure an equitable election process;
- Ensure public health and safety is provided for and protected;
- Clarify and simplify language and formatting to improve compliance;
- Modernize the by-law to reflect changes to the Municipal Election Act; and,
- Provide standards that establish a consistent, fair and unbiased process.

To achieve these goals, the by-law was reviewed and benchmarked against other municipalities based on but not limited to the following provisions:

- Allowance of signs on public property;
- Allowance of signs on private property;
- Restrictions on the placement of signs according to voting areas such as associated wards and ridings;
- Restrictions on the placement of signs with regard to public infrastructure;
- Time restrictions on placement both before and after voting day;
- Size restrictions including height, width and area;
- Materials used and content included in the construction of election signs;
- Other types of election signs such as vehicle signs and campaign office signs;
- Enforcement practices;
- Penalties, fees and fines payable; and,
- Retention periods and destruction practices.

A summary of this benchmarking exercise is presented in Section 5.4 of this report.

Staff have not considered a City-wide prohibition of election signs although other municipalities have considered and approved total prohibition based on environmental concerns, election signs being a public nuisance, and the shift to digital and social media platforms.

5.5 Draft By-law

The draft Election Sign By-Law in Attachment 2 seeks to repeal and replace the current By-law 22-2014 with one that provides new regulations and prohibits the placement of election signs on public property. The draft Election Sign By-law expands on the definitions, prohibitions, and standards contained in the current by-law and includes Administrative Monetary Penalties for violations. The new regulations are in keeping with legislative requirements, municipal benchmarking and the goals set out in Section 5.3 of this report. The changes in the draft by-law are summarized as follows:

- Increase the number of definitions to provide clarity;
- New format and structure to provide ease of understanding;
- Prohibition of the placement of election signs on public property;

- Harmonization of election sign standards throughout the City by eliminating alternate sizes which were previously permitted north of Winchester Road;
- Increased language to prohibit election signs that obstruct vehicle and pedestrian traffic or otherwise impact the safety of pedestrians and vehicle operators;
- Prohibition of election signs that impede fire safety;
- Prohibition of the placement of election signs on public infrastructure such as utility poles, Canada Post mailboxes, light standards, bridges, medians of roads, etc.;
- Greater restrictions on materials used to build election signs;
- Regulations on language and content used in election signs;
- Reduction in the time election signs are permitted to be displayed after the final voting day from 7 days to 3 days.
- Provisions to strengthen enforcement of the by-law by the City;
- Administrative Monetary Penalties associated with violations of the by-law; and,
- Fees for the retrieval of election signs removed by the City.

Staff will communicate throughout the election period to ensure candidates and the public are aware of any new regulations approved by Council.

6.0 Financial Implications

There are no financial implications associated with the approval of the draft by-law. An administrative fee/permit fee is not proposed for candidates to place signs; therefore, the collection of fees will not be a regular occurrence. The only fees associated with the by-law would result from fines or Administrative Monetary Penalties for violations or retrieval fees for signs removed and stored by the City.

7.0 Relationship to the Oshawa Strategic Plan

The recommendation in this report responds to the Oshawa Strategic Plan Goal of Accountable Leadership.
